air sniper™

KEY FEATURES

- **55,200 HOUR LAMP LIFE (6+ YEARS)**
- **LOW COST OF OWNERSHIP**
- **THIRD-PARTY PROVEN UVC TECHNOLOGY**

INTRODUCING THE

Air Sniper Induct 300W

Your Clean Air Solution Experts

Air Sniper creates safer environments at the most cost-effective price. Our UVC technology delivers state-of-the-art peace of mind, and our transparent transactions leave you feeling confident and cared for.

You can count on our technology. But even better, you can count on our honesty.

Air Sniper Induct 300W units offer more intensity per watt of UVC vs. traditional 18W and 36W lamps. The magnetic induction lamps offer more protection with less equipment.

NO NOISE DISRUPTION

Air Sniper offers protection without added noise, unlike traditional stand-alone units. The Induct 300W works with your new or existing HVAC system to provide superior protection.

CLEAN AND FAIR COSTS WITH UNLIMITED AIR PURITY

The Air Sniper Induct 300W offers the most cost-effective solution per air exchange, including installation and operating costs.

AVAILABLE IN:

STANDARD **BAS COMPATIBLE**

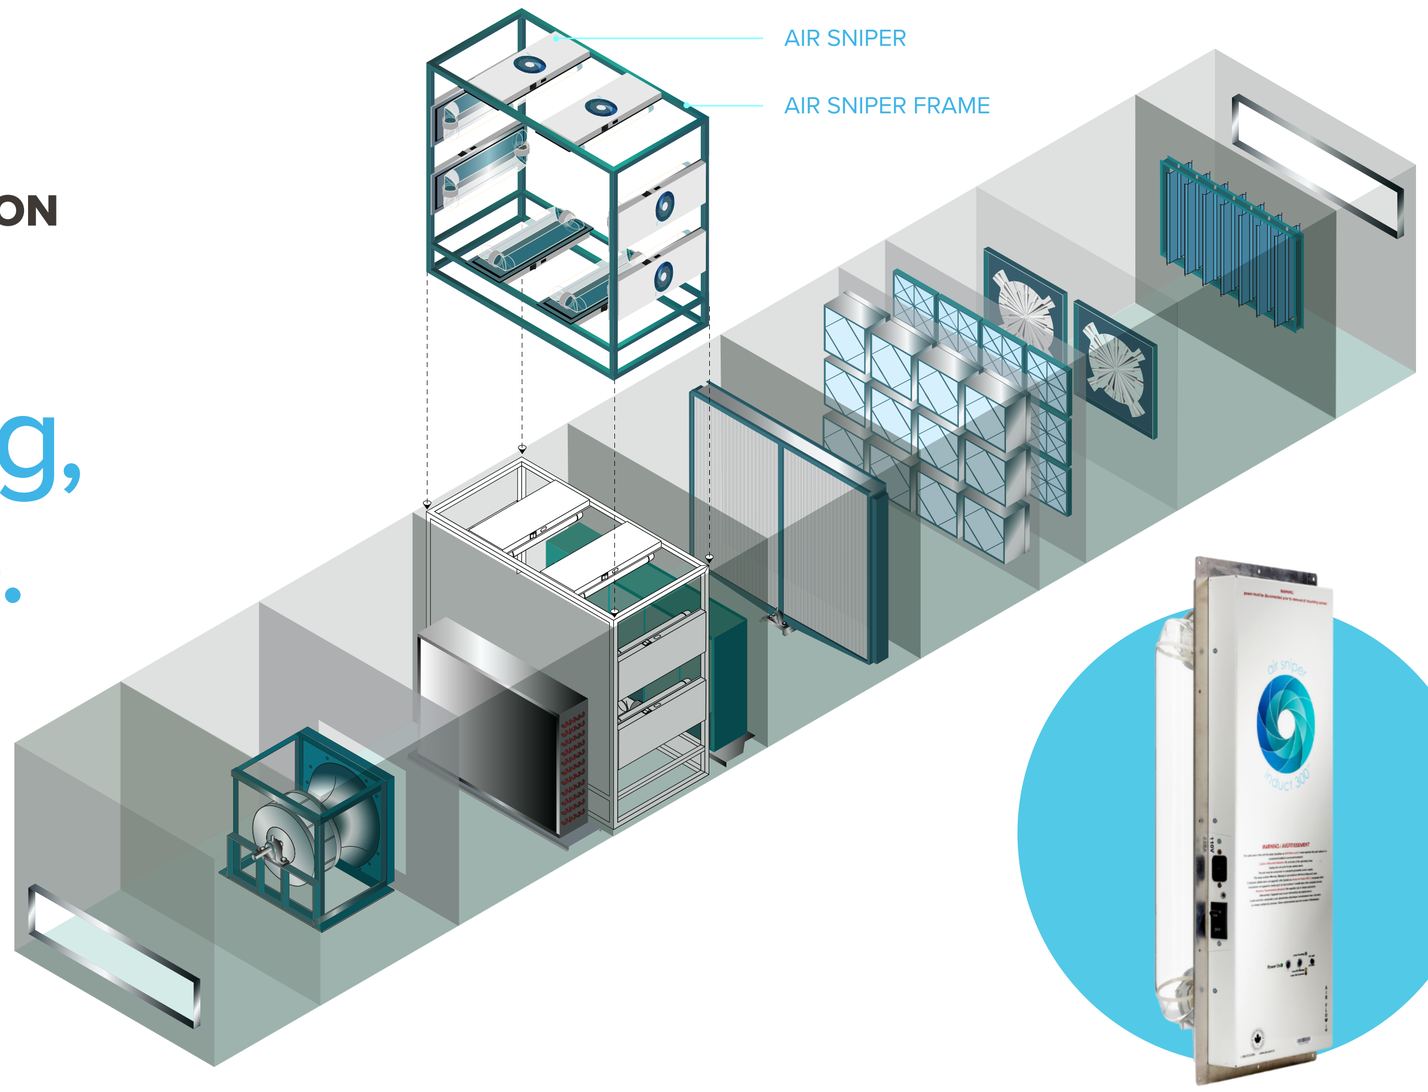
air sniper™

Air Sniper Induct 300W



THE MOST EFFECTIVE SOLUTION

What you're really installing, is confidence.

AIR SNIPER INDUCT 300W

The Air Sniper Induct 300W is installed as a supplementary unit inside your HVAC system to sanitize airborne viruses, bacteria, and molds as air passes through.

99.9% DESTRUCTION OF MICROORGANISMS

Air Sniper's UVC technology has been proven numerous times under strict laboratory testing conditions to consistently and effectively reduce 99.9% of airborne pathogens.

BAS COMPATIBLE

Works with most Environmental Monitoring Systems (EMS) or Building Automation Systems (BAS). No need to replace your existing HVAC controls or to add substantial hardware to your data center.

MINIMAL INSTALLATION COSTS

Air Sniper Induct 300W units are simple to install in both new and existing HVAC systems, minimizing overall time requirements and project costs.

YEARS OF MAINTENANCE-FREE SERVICE

Featuring a six year (55,200 hour) lamp life with absolutely zero maintenance, the Air Sniper Induct 300W is a work-horse that minimizes ongoing facility costs.
